Exemplary Achievement by Chemito Team: Integration of PMPML Buses with Chemito Controllers

Pune, 26 January 2025 – On the momentous occasion of the 76th Republic Day, Pune Mahanagar Parivahan Mahamandal Limited (PMPML) has proudly announced the integration of buses with state-of-the-art **Chemito Controllers**. This technological leap will drive bus display systems and next bus stop announcements, significantly enhancing the commuter experience in Pune.

The inauguration of this landmark achievement was led by Deepa Mudhol-Munde, Chairman and Managing Director of PMPML, at the Command Control Center in Swargate, Pune. This initiative underscores PMPML's dedication to innovation and

excellence in public transportation, providing passengers with real-time information for a more seamless travel experience.

This integration aligns with PMPML's broader mission to adopt cutting-edge technologies for enhanced urban mobility, ensuring Pune's public transport system continues to evolve to meet the demands of its citizens.
